

Solar Training for Electricians

Full tuition scholarships available for a limited time.

- Austin JATC and ImagineSolar are bringing Solar training to your Area!
- Fully funded by the US Department of Labor – no cost to you
- Major **utility-scale solar projects** are planned across the South West
- **Decision to come to your area will be determined by level of interest**

Photovoltaic Installer Certification Pathway

Interested? Contact your JATC to put your name on the list.

Contact ImagineSolar for course information:

By phone: ImagineSolar 888-514-1972

By email: info@imagesolar.com

Online: Visit www.imagesolar.com for course descriptions and sign up for our news blog for the latest industry news and updates from ImagineSolar.

ImagineSolar in partnership with the Austin JATC have funding from the Department of Labor to train IBEW members in Solar Design & Installation.

This rare opportunity is set to expire this year, with the likelihood of the training to only visit your JATC once. Sign Up NOW!
